Comprehensive Implementation Plan

Key phases of the travel agent portal rollout

Phase 1: Development

Creating the portal's core functionalities.

The first phase focuses on developing the essential features of the travel agent portal.

Phase 2: Testing

Ensuring smooth operation and user-friendliness.

In this phase, thorough testing is conducted to confirm that the portal operates efficiently and is easy for users.

Phase 3: User Training

Training sessions for agents.

Training sessions are organized to help agents become familiar with the new portal and its features.

Phase 4: Rollout

Launching the portal with ongoing support.

The final phase involves launching the portal and providing continuous support to users as they adapt.
